

FVCode3D::Solver::Solver

```
graph RL; A[FVCode3D::EigenLU::EigenLU] --> B[FVCode3D::Solver::Solver];
```

The diagram illustrates an inheritance relationship between two C++ classes. On the right, a white rectangular box with a black border contains the text 'FVCode3D::EigenLU::EigenLU'. On the left, a gray rectangular box with a black border contains the text 'FVCode3D::Solver::Solver'. A dark blue arrow points from the right box to the left box, indicating that 'FVCode3D::EigenLU::EigenLU' inherits from 'FVCode3D::Solver::Solver'.
